Four New Kanderson Videos in a Week?

Last week was a wonderful week for fans of the Kanderson YouTube channel, with four new videos being uploaded to Kanderson!

Singer-Songwriter Adam has debuted his new YouTube series, *Adam Explains*, more info about that on the right-side panel. The first full episode of #KeegAlert was released this week too, featuring news about the Keeglandian Attack and a dog that looks like a muffin. An AMV or Anime Music Video was released for the *Sounds of Evil* song "Ok (Reprise)" for no particular reason. The trailer for the upcoming movie starring Keegan Sanderson "For the People" was also released this week onto Kanderson.

Atmospheric Evil Noise Vol. 2 Art Leaked?

The album art for *Atmospheric Evil Noise Vol. 2* has supposedly been leaked through the accidental inclusion of it on a computer screen in the background of a Keeganian photo shoot.

The album art seems to feature a sidebar which is where the title of the album is presumed to be stationed in red text. In the top left corner of the album cover, some text is visible, it is unknown what this text says or if it is significant to the album or not. Kanderson's name is displayed upon the bottom, once again continuing the tradition of NickMusicMedia albums being branded as Kanderson albums like with *Atmospheric Evil Noise Vol. 1*.

BREAKING NEWS – Keeglandian Attacker Identity Revealed by KLW

In a shocking turn of events, the identity of the Keeglandian Attack

perpetrator - which left four innocent Keeganians dead, including our very own Keegan Sanderson's top half- has been revealed as non-Keeganian citizen Zachary Robinson who is pictured on the right. In a shocking and sudden confession, Robinson spontaneously admitted to being the mastermind behind the attacks during a lunch session at the International Academy of Macomb. Zach had previously appeared in the 2nd episode of the #KeegAlert series hosted on the Kanderson YouTube channel where he blamed the cameraman, Noah Thorp, a high ranking Keeglandian official, on the attacks. This is his only known comment on the attacks at any point in time at this moment. Zach's motives behind the attack are currently unknown. Zach is believed to have an alibi who supplied the helicopter used in the attack, the identity of this alibi is not yet known by KLW intelligence. It has not yet been ruled out that the supplier of the helicopter is the mastermind behind the attacks or not.

With Zach being revealed as the attacker, the previous suspects have been apologized to by the KLW. "I thought I wouldn't have seen the light of day again; they kept me in a cell for days and didn't feed me no matter how much I begged for even the littlest bit of food" said Mohamed Mahdi, the previous primary suspect of the Keeglandian Attack. "I told them I was walking my goldfish. I had alibis but they still didn't believe me. I'm glad they caught the attacker, but damn are they relentless with their suspects," said secondary suspect Shamer Presley. Both Sir Mahdi and Sir Presley were granted a temporary Knight status lasting one month as retribution, granting them permission to the many benefits of being a high ranking KLW member.

Keeglandian Officials Receive False Nuclear Bomb Threats

Shocking events unfolded in the IAM Discord server on October 11th when an Anonymous user posted a nuclear bomb threat through the confessions bot. The threats turned out to be a false alarm, but the identity of the perpetrator has not yet been identified. Check Kanderson for more info from:

Singer Songwriter Adam Debuts YouTube Series

Singer-Songwriter for the KLW, Adam, has recently debuted his new YouTube series on the Kanderson channel, *Adam Explains*. In the first video of the series, Adam explains the events of the Keeglandian Nuclear Crisis, which was explained above.

Two Albums at Once?

The *Sounds of Evil: Evil* Trailer on Kanderson's YouTube channel left a lot of questions to be answered. One such

question is: What was that album next to *Sounds of Evil: Evil*? The album cover is displayed above, it seems Kanderson is working on an album at the same time as *Sounds of Evil: Evil* named *Flaming Skulls of Death 2*. The name of the album seemingly alludes to International Academy of Macomb English teacher Mr. Brown's album which he had released with a group during college named *Flaming Skulls of Death*, which is now lost. Insiders say the album will have more abrasive metal like tracks, following the ongoing trend of Kanderson delving more into the genre with songs such as *L.E.O 2* and the not yet released unnamed metal song on *Sounds of Evil: Evil*.

New Molecule Discovered: Scientists Baffled

By: Jacob DeMoss

IN JACOBOPOLIS, KEEGAN PREFECTURE a new molecule was discovered which takes on unique properties, ones that could reduce the effects of the Balloons TD6 Virus. The molecule, known as 2-Keegoniumhexan-2-ol ($\text{CH}_3\text{C}(\text{Kg})(\text{OH})\text{CH}_2\text{CH}_2\text{CH}_2\text{CH}_3$) attaches to the Adenosine receptors in the brain, reducing the effects of Balloons TD6 on the vital functions of the brain. Synthesis of this chemical can be effective at concentrations $>0.00937\text{M}$, but currently, only 0.00073sh^3 (0.1137L) have been produced to date. Research is still working on better methods to synthesize elemental Keeganium, as it is the main bottleneck in production due to its need for a particle acceleration.

Tunnel to The Republic from Jacobopolis Completed

Two days ago, the tunnel from the underground mining prefecture in Malaysia to the Keeganian state Dyladiho. The tunnel transports resources from the cavern in a more discreet manner, preventing similar attacks such as the Keeglandian Attack. While the tunnel costed several quadrillions of Kegs, the resources that make it to the motherland will increase by 150%.

Mohammed Strikes Back!

Mohammed Mahdi, the target of Sir NutMuncher's "Dear Mohammed's Typhlosion" and master lawyer has released a defense of Typhlosion into the Kanderson media. This defense has the capability to turn the tide in this diss war, and perhaps change the political and economic state of the Republic of Keegan. Stay tuned for further coverage on this topic.
